SUMMARY

It is clear from the Record and Opinions of the Courts below that there is no question here presented to this Court which would justify granting certiorari. There is no conflict between these decisions and those of any other courts, whether they be the courts of Arkansas, Missouri or the United States. The Courts below have simply applied the established conflict of law rules of Arkansas, and the substantive law of Missouri, in complete accordance with the rules governing federal courts in diversity cases. No special or important reason, within the scope of Rule 19 of this Court, has been shown which merits the granting of certiorari.

The petition should be denied.

Respectfully submitted,
